

Dreame A1 Introduction

OmniSense 3D Ultra Sensing System, an all-in-one solution for mapping, localization, obstacle avoidance.

- 3D Space Sensing for efficient and accurate mapping, one-click start, map your home with App, get to know your yard in 15 minutes.
- Centimeter-level positioning, no more repeated mowing or missing areas.
- Adopting 3D omnidirectional obstacle avoidance technology, A1 can easily avoid 11* types of common obstacles.

Neat and efficient. Outstanding mowing results.

- The exceptional programmed path planning achieves highly efficient and uniform lawn mowing.
- Each inch of the cut is precise and ideal with the specially designed electric cutting disc.
- Just one-click setting via the App, and you can adjust the cutting height as you like.

Intuitive App control, rich functions at your fingertips. Enjoy mowing with ease.

- Experience the brand new immersive 3D Map and explore your home in 360° at your will.
- Effortlessly tailor the map to your needs using a variety of flexible map editing features.
- With All-area, Zone, Edge, and Spot Mowing Modes, whatever mowing needs you have, we've got you covered.

Dynamic appearance meets powerful performance. Leading the trend with future technologies.

- Featuring a streamlined shape, eagle-wing-style cover, and an energetic rear grille, A1 exudes a sense of dynamism and freedom.
- With the trendy top cover design, each touch ignites a spark within.
- Crafted with precision spraying, the premium starry gray body embodies luxury and quality in every intricate detail.
- A wheel hub design with a sense of order, showcasing extraordinary texture, and delivering exceptional performance.

*Data is from Dreame laboratory.
